## PRESIDENTS CORNER – June 2020

By Wiley Bowman

Peach State Traveler's continue to experience a year like we have never seen before. Corona Virus practically shut us down for much of March, April and May. Thanks to Pat and Marvin Voyna as hosts, we met at Bobby Brown State Park, abiding by all the rules set forth by FMCA as well as State of Georgia. Things are different now and we have to compromise our normal dining, fun and fellowship, but we do still have by laws and policies that are still in effect. Sometimes it becomes necessary to deviate from these rules, especially during a year like this one. However, any and all deviations from our by-laws require the approval of PST's current president or executive committee. This should be done prior to making these changes, no matter how insignificant.

Our by-laws set rally dates as being the first Friday, Saturday and Sunday of each month. Previous presidents and officers have been very reluctant to make changes to these dates as most members plan their travel plans well in advance and try to work travel plans around PST rallies. The most common changes occur around holiday weekends that conflict with holiday plans. However, all changes must be approved in advance by the club president or executive committee prior the announcement of changes to the full membership. Early in the year, the July rally was moved to the second weekend due to July 4<sup>th</sup> holiday. It became necessary to move the Chattanooga rally to September due to Covid 9. I learned today that the October rally has been moved to 2<sup>nd</sup> weekend. Membership has been notified and all reservations have been changed to the later date. This being the case, I think it would be best to remain with the 2<sup>nd</sup> week-end, but I would like to caution all members and especially all hosts, to contact me or any member of the executive committee prior to announcing any changes to rally dates or other matters that might conflict with our bi-laws or policies.

## RALLY REPORT – June 2020

By Patricia Voyna

We all showed up one day early for the rally. Marv and I made Spaghetti and sauce and had it out under the awning for me to dish up. The plan was everyone bring what they wanted to go with it and we would social distance under the awning. The rain came and several went their own way for supper. A few came with containers and I filled them and was taken back to their coach.

Friday morning, we gathered at Jones site and planned our weekend. A few of us brave decided to eat at LaFogata (rated #1 restaurant in Elberton) after calling to make sure they were following CDC guidelines. We sat away from other people and only had one masked attendant. After we gave menus back, we all pulled out our hand sanitizer and enjoyed a great meal and conversation. Since no dessert was available, some us pulled into the Dairy Queen drive thru for ice cream. Gathered on an empty site 4 to continue conversation and stories.

Saturday was a laid back for some, site seeing for others after a wonderful zoom meet-up. I want to thank Jim and Jan Hollis for hosting the zoom. We did have a practice Thursday evening and on both zooms we saw faces we haven't seen for a long time, plus past members. I also want to thanks our Southeast Area President, Betty Duncan and her husband Jim for joining us on

Saturday. She brought us up to date on FMCA and the SEA. She has been on several long zoom meeting to help get us through this unprecedented time. Reminded us in Perry, GA, SEA will have a big gathering to replace the SEA rally. We will need to elect officers and take care of business. If everything works out, also food and entertainment.

The campground let us use the shelter house. Hadn't been used for several days, still went up and sprayed everything with disinfectant and set one table with all sanitary things that may be needed during supper. Marv and I then went to town and got individual boxed supper from Kentucky Fried Chicken. We scattered out around the building, ate, visited and had a short business meeting. Then back to site 4 for more visiting.

Sunday morning was another run to town and we gathered again on site 4 for McDonalds breakfast sandwiches, again with all the needed sanitizers available. We said our good-byes with waves and headed back home. It did turn out to be a super week-end.

### Note from Tom Trip

Dear Friends,

Traditionally a hand written note would be in order to express mine and my family's gratitude to you. I cannot fathom trying to actually write properly at this time.

My heart burst with thankfulness. First, for being our friend. Your prayers were known to us throughout our journey and answered as Tricia perfection of her body. Our family is ever grateful for them. Third, we appreciate the flowers for our family as well. It was most appreciated. The cards. Seems like hundreds were received and each one is special.

Thank you for all of this and for taking care of me.

Tom

Your presence we miss  
Your memories we treasure  
Loving you always  
Forgetting you never

# Heart Felt

"I have pulled dead, mangled bodies from cars.  
I have lied to people as they were dying.  
I said you are going to be fine as I held their hand and watched the life fade out.  
I have held dying babies. Bought lunch for people who were mentally ill and haven't eaten in a while.

I have had people try to stab me. Fought with men trying to shoot me.  
I've been attacked by women while I was arresting their husband who had just severely beat them.  
I have held towels on bullet wounds.  
Done CPR when I knew it wouldn't help just to make family members feel better.  
I have torn down doors, fought in drug houses. Chased fugitives through the woods.  
I have been in high-speed car chases.  
Foot chases across an interstate during rush hour traffic.  
I have been in crashes. Been squeezing the trigger about to kill a man when they came to their senses and stopped. Waded through large angry crowds by myself.  
Drove like a madman to help a fellow officer. Let little kids who don't have much sit in my patrol car and pretend they are a cop for their birthday.  
I have taken a lot of people to jail. Given many breaks. Prayed for people I don't even know. Yes, and at times I have been "violent" when I had to be. I have been kind when I could.  
I admit I have driven to some dark place and cried by myself when I was overwhelmed.  
I have missed Christmas and other holidays more than I wanted to.  
Every cop I know has done all these things and more for lousy pay, exhausting hours, and a short life expectancy.  
We don't want your pity, I don't even ask for your respect. Just let us do our jobs without killing us"

Thank You Police Officers of#America

## Dad's Blessings

A young man was getting ready to graduate from college. For many months he had admired a beautiful sports car in a dealer's showroom, and knowing his father could well afford it, he told him that was all he wanted. As Graduation Day approached, the young man awaited signs that his father had purchased the car. Finally, on the morning of his graduation, his father called him into his private study. His father told him how proud he was to have such a fine son, and told him how much he loved him. He handed his son a beautifully wrapped gift box. Curious, but somewhat disappointed, the young man opened the box and found a lovely, leather-bound Bible, with the young man's name embossed in gold. Angry, he raised his voice to his father and said "With all your money, you give me a Bible?" and stormed out of the house, leaving the Bible. Many years passed and the young man was very successful in business. He had a beautiful home and wonderful family, but realized his father was very old, and thought perhaps he should go to him. He had not seen him since that graduation day. Before he could make arrangements, he received a telegram telling him his father had passed away, and willed all of his possessions to his son. He needed to come home immediately and take care of things. When he arrived at his father's house, sudden sadness and regret filled his heart. He began to search through his father's important papers and saw the still new Bible, just as he had left it years ago. With tears, he opened the Bible and began to turn the pages. And as he did, a car key dropped from the back of the Bible. It had a tag with the dealer's name, the same dealer who had the sports car he had desired. On the tag was the date of his graduation, and the words PAID IN FULL. How many times do we miss Spirit's blessings and answers to our prayers because they do not arrive exactly as we have expected?

# When roads were made of wood

By Chuck Woodbury

Early in the twentieth century, when auto travel was becoming the rage, Yuma, Ariz., was at a crossroads but with a big obstacle to the west: sand dunes – vast sand dunes.

The Algodones Dunes stretch more than 40 miles. Throughout history, travel of any nature was severely inhibited by this great barrier. Explorers, wagon freighters and stagecoaches

approaching and leaving Yuma Crossing avoided the dunes by traveling north or south.

With the building of Yuma's Ocean to Ocean highway in 1915, a way had to be found for automobiles to cross the vast expanse of sand. A wooden plank road seemed the answer.

The first such road was constructed in 1915 and was rapidly replaced by a second one in 1916. The San Diego Chamber of Commerce, eager for the business the road could bring, donated 13,100 oak planks.

*A stretch of the old plank road years after it was bypassed in 1926. Today, I-8 transports motorists quickly through the area.*

The second road was built in eight-foot by twelve-foot sections and reinforced with strap iron along the edges and centers. The speed limit was 10 miles per hour. It wasn't much of a road – a 6.7 mile one-laner with pullouts for passing. **DURING SANDSTORMS**, the road could become impassable, forcing motorists to wait. But sandstorm or not, it was always a rocky ride, earning the road the nickname "Old Shaky."

In 1925, traffic increased to 30 cars per day – a problem; officials reacted by regulating the traffic: east-bound traffic would leave on even hours, westbound traffic on odd hours. But this wasn't enough: after 10 years of use, the road was falling apart and traffic jams were frequent and sometimes nasty when the right-of-way was disputed.

On August 11, 1926, the opening of paved, two-lane California State Route 80 put an end to travel on the wooden plank road. Today, motorists speed across on Interstate 8.

A good place to see a piece of plank road is at Yuma Crossing State Park in Yuma, where a lone section of the old road has been preserved, complete with a 1909 Model T right on top.

## BABIES

Four men are in the hospital waiting room because their wives are having babies. A nurse goes up to the first guy and says, "Congratulations! You're the father of twins." "That's odd," answers the man. "I work for the Minnesota Twins!"

A nurse says to the second guy, "Congratulations! You're the father of triplets!"

"That's weird," answers the second man. "I work for the 3M company!"

A nurse tells the third man, "Congratulations! You're the father of quadruplets!"

"That's strange," he answers. "I work for the Four Seasons hotel!"

The last man is groaning and banging his head against the wall. "What's wrong?" the others ask.

"I work for 7 Up!"

## Once upon a time the colors

Once upon a time the colors of the world started to quarrel: all claimed that they were the best, the most important, the most useful, the favorite.

GREEN said: "Clearly I am the most important. I am the sign of life and of hope. I was chosen for grass, trees, leaves - without me, all animals would die. Look over the countryside and you will see that I am in the majority."

BLUE interrupted: "You only think about the earth, but consider the sky and the sea. It is the water that is the basis of life and, drawn up by the clouds, forms the deep sea. The sky gives space and peace and serenity. Without my peace, you would all be nothing."

YELLOW chuckled: "You are all so serious. I bring laughter, gaiety, and warmth into the world. The sun is yellow, the moon is yellow, the stars are yellow. Every time you look at a sunflower, the whole world starts to smile. Without me there would be no fun."

ORANGE started next to blow her trumpet: "I am the color of health and strength. I may be scarce, but I am precious for I serve the needs of human life. I carry the most important vitamins. Think of carrots, pumpkins, oranges, mangoes, and pawpaws. I don't hang around all the time, but when I fill the sky at sunrise or sunset, my beauty is so striking that no one gives another thought to any of you."

RED could stand it no longer. He shouted out: "I am the ruler of all of you - I am blood - life's blood! I am the color of danger and of bravery. I am willing to fight for a cause. I bring fire into the blood. Without me, the earth would be empty as the moon. I am the color of passion and of love, the red rose, the poinsettia and the poppy."

PURPLE rose up to his full height. He was very tall and spoke with great pomp: "I am the color of royalty and power. Kings, chiefs, and bishops have always chosen me for I am the sign of authority and wisdom. People do not question me - they listen and obey."

Finally, INDIGO spoke, much more quietly than all the others, but with just as much determination: "Think of me. I am the color of silence. You hardly notice me, but without me you all become superficial. I represent thought and reflection, twilight and deep water. You need me for balance and contrast, for prayer and inner peace."

And so the colors went on boasting, each convinced of his or her own superiority. Their quarreling became louder and louder. Suddenly there was a startling flash of bright lightening - thunder rolled and boomed. Rain started to pour down

relentlessly. The colors crouched down in fear, drawing close to one another for comfort.

In the midst of the clamor, rain began to speak: "You foolish colors, fighting amongst yourselves, each trying to dominate the rest. Don't you know that you were each made for a special purpose, unique and different? Join hands with one another and come to me."

Doing as they were told, the colors united and joined hands. The rain continued: "From now on, when it rains, each of you will stretch across the sky in a great bow of color as a reminder that you can all live in peace. The RAINBOW is a sign of hope for tomorrow."

And so, whenever a good rain washes the world, and a rainbow appears in the sky, let us remember to appreciate one another.

**Cop: Do you know  
why I pulled you  
over?**

**Me: If you forgot  
I'm not reminding

## Joke of the Week

### Church Ladies With Computers.

These sentences (with bloopers) actually appeared in church bulletins or were announced in church services:

- The eighth graders will be presenting Shakespeare's Hamlet in the Church basement Friday at 7 PM. The congregation is invited to attend this tragedy.
- The pastor would appreciate it if the ladies of the Congregation would lend him their electric girdles for the pancake breakfast next Sunday.
- Weight Watchers will meet at 7 PM at the First Presbyterian Church. Please use large double door at the side entrance.
- Remember in prayer the many who are sick of our community. Smile at someone who is hard to love. Say 'Hell' to someone who doesn't care much about you.
- Irving Benson and Jessie Carter were married on October 24 in the church. So ends a friendship that began in their school days.
- Low Self Esteem Support Group will meet Thursday at 7 PM. Please use the back door.

## Trivia

The letters M&M on the popular candies stand for the founders of the company, Forrest Mars Sr. and Bruce Murrie. The candy-coated chocolate concept was inspired by a method used to allow soldiers to carry chocolate without having it melt. The company's longest-lasting slogan reflects this: "Melts in your mouth, not in your hand." More than 400 million individual M&Ms are produced every day in the United States

# The Best RV Movies

This list of the Best RV Movies will have you grabbing the popcorn and maybe even the tissues! I am about to bring you some of the most hilarious RV movies ever made, and one heart touching

tearjerker thrown in for good measure.

A great RV movie can be hard to find. Therefore, I have compiled a list of the best RV movies ever produced.

## RV

This is the ultimate [RV movie](#). This comedy stars some of the most talented comedians in the business such as [Robin Williams](#) and [Jeff Daniels](#). It is packed full of laughs, witty humor and has the best [dumping scene](#) in any movie ever made; with a massive explosion that leaves Bob (Robin Williams) covered in an unpleasant situation. The funny thing is we have all been there. Bob goes to the dump and realizes he has no clue what he is doing. So, two kindhearted fellow campers offer advice, but they are as clueless as Bob. This scene alone is worth watching it repeatedly.

Bob is a hard-working businessman who gets so focused on trying to keep his job that he cancels the family's Hawaii trip, rents an RV, and convinces them it is all for his desire for his family to grow closer together. When in reality it is all about him not wanting to lose his job, or is it? He tells his wife he needs more time with his teen children and asks her to come into the woods with her big brawny man. All while agreeing to make all the meals, give massages and guarantying everyone a fun-filled cross-country vacation. But, there are lots of mishaps along the way! A run in with racoons, his laptop gets stolen, no internet (we have all been there) and constant run ins with an obnoxious, banjo playing, partridge family singing family that sells car horns for a living. This movie will have you laughing, singing and saying, "OMG, that's so US!"

## We Are the Millers

This [movie](#) is a very adult movie! It is packed full of comedy, truth and intense moments that leave you cringing. This movie provides you with a lot of belly laughs as long as you understand it is an adult geared movie. It is the type of movie that you can not stay in your seat, it has you up pacing and covering your eyes in disbelief. The Millers are the luckiest drug smuggling, RV driving, fraudulent family on the road. At one point the dad pulls the RV over and sets his fake family straight on how things are; funny thing is while he is trying to convince the audience that it is a fake situation it comes across as real as my family or yours. Just like my parents and probably yours he threatens to turn that RV around! Extreme adult content.

## Leisure Seekers

The title says it all and we all seek to leisure; lay by the pool, travel the countryside, see new sites and bask in the sun. Sounds great right? Well not so much in this movie. Grab your tissues, you are going to need them. I chose this movie as a top RV movie because it is realistic and sometimes sad movies are some of the best movies made. Movies like this bring out the best emotions in us, make us better people, and sometimes you just need a good cry. John and Ella both stricken with terminal

illnesses decide to take one last voyage, to the Florida Keys, in their vintage camper they call the [Leisure Seeker](#). Many of us travel with illnesses and John and Ella are not immune. John has Alzheimer's and Ella is stricken with cancer. Sometimes movies are too true to life and Leisure Seeker is one such movie. This movie is about their last RV adventure and all the trials and tribulations that come with doing so and dealing with knowing death is imminent.

## National Lampoons Christmas Vacation

Who doesn't love Chevy Chase and who doesn't love Christmas? In this movie Chevy Chase and Beverly D'Angelo host the most chaotic, patriotic, crazy family Christmas event this side of the crapper. Speaking of crapper [National Lampoons Christmas Vacation](#) is known for its "[the crappers full scene](#)". I don't know what it is but there seems to be a theme with RV movies involving emptying the sewer and something going terribly wrong. It could be because it hits close to home since we've all experienced that "oh no" moment when emptying the tank.

Everyone who sees this movie wants to be just like the Griswold's. Some communities hold a [Griswold challenge](#). Right here in my hometown of Zanesville, Ohio a young man by the name of Austin Lemmon runs the [biggest Christmas light show](#) in Muskingum County. I challenge you to watch this movie then see if you can match Clark light for light and create the biggest Griswold Christmas light show you can at your campsite. Most campgrounds have Christmas events so what a great way to show off your talent.

While this movie may not be completely about an RV you will surely enjoy uncle Eddie and his home on wheels.

## A Goofy Movie

A [Goofy Movie](#) is not just for the kids; it is a heart-warming cartoon about a goof and his kid. Like most of us Goofy wants so much to bond with his teenage son that he decides to take him on a camping trip. When Goofy's friend, Pete, finds out about the fishing trip he grabs his son, jumps in his modern RV and meets up with Goofy and Max down the road. Check out this pretty cool [RV scene](#). It takes Pete about twenty seconds to set up camp; complete with a pool, lounge area, and basketball court. While the RV scenes are short in this movie, they are memorable. A Goofy Movie is about love, nature, bigfoot and camping.

## Conclusion

If you like RVs and movies you will enjoy watching these. A few RV movies that get honorable mention are Spaceballs, Incredibles, and The Long Long Trailer with Lucille Ball.

There will be no use of their clubhouse due to corona-virus. The pavilion is iffy. We may just gather a vacant site or someone's site for socializing.

There is a lot to do in HELEN. Not sure what all the restrictions are there, but window shopping is fun and look at the money you'll save! I would suggest if you want to go out to eat maybe go in groups of 6. Most places won't seat over that many together.

Rally fee will not be more that \$10 a coach (and could be less depending on what we can do or not do) and can be paid when you arrive.

We will also have to fill out a FMCA waiver form, which we will have there. Kenlyn is bringing these.

So far the camp ground has the following people registered:  
Gruba, Miller, Jones, Bowman, Esposito, Sawyer

Please register by June 28 and also let me know if you are joining us.

Thx.

## ANOTHER LONG, LONG UNIT

Daryl Lawrence sent this: "Here's a picture of my set-up from January 2014. I had driven from Yuma to Quartzsite for the Quartzsite RV Show. My wife was back east so I was alone. I was going to tow the Sprinter Van only behind the MH to QZ, then return to Yuma with the van and pick up the Polaris. But at the last minute, I decided 'What the Heck'" and hooked them all together. I had a 100' measuring tape and the total length of the 3 combined vehicles was 95'. Just a little over the limit. Made it with no problems but sure got a lot of looks."
